Career Objective

Motivated and detail-oriented Artificial Intelligence and Data Science undergraduate seeking an opportunity to apply analytical, programming, networking, and machine learning skills in a dynamic organization. Eager to contribute to real-world problem solving, develop innovative solutions, and continuously enhance technical expertise in data science, networking, and software development.

Education

Jeppiaar Institute of Technology	2023 – 2027
B.Tech in Artificial Intelligence and Data Science	CGPA: 7.53
Anderson Higher Secondary School, Kanchipuram	2023
Higher Secondary Certificate (HSC)	Percentage: 72%
Anderson Higher Secondary School, Kanchipuram	2021
Secondary School Leaving Certificate (SSLC)	Result: All Pass

Technical Skills

- **Programming Languages:** Python, C (Basics), SQL
- **Machine Learning:** Scikit-learn
- **Data Processing:** Pandas, NumPy
- **Networking:** Networking Basics
- **Web Development:** Basic Flask
- **Databases:** MySQL, SQLite, MongoDB
- **Tools:** VS Code, MS Excel, Windows Environment, Cisco Packet Tracer

Projects

University Hostel Management System

Developed a web-based University Hostel Management System to automate hostel administration activities, including student record management, room allocation, complaint tracking, and fee payment monitoring. The system provides real-time information through an interactive dashboard and centralized database, improving data accuracy, reducing manual workload, and enhancing overall hostel management efficiency.

Network Monitoring and Analysis System with Cisco Network Simulation

Developed a network management system using Python, Flask, and SQLite with Cisco Packet Tracer for practical network simulation. Implemented device inventory, IP connectivity testing, subnet calculation, ARP/MAC address analysis, and system logging. Simulated IP addressing, VLANs, 802.1Q trunking, inter-VLAN routing, DHCP, ARP, and MAC address learning for network monitoring and troubleshooting.

Certifications

- **University Hostel Management System – Industry Project** 2026
TCS iON Applied Industry Projects (AIP), Tata Consultancy Services (90 Hours)
- **Networking Basics** 2026
Cisco Networking Academy

- **Teliport Season 3 – Participation** 2026
Tata Elxsi
- **Learn SQL for Oracle Databases – Using Toad From Scratch** 2025
Infosys Springboard
- **International Online Technical Workshop on Collaborative Intelligence** 2026
Federation of Economic Development Association (FEDA)
